 advanced teaching on research topics

# Bonn Junior Fellows (BJF)

5 years professorships in Mathematics  
 and Theoretical Economics tenure track options

(annual worldwide calls and international recruiting)

spring-board for an outstanding academic career  
 entrance door to the European permanent job market

- Attractive positions in Germany for the internationally best young researchers
- Entrance gate for international scientists to permanent full professorships in Europe
- Long-term close relationship of Bonn Mathematics with top researchers worldwide

Recruited worldwide, e.g. from  
 Morningside Center of Mathematics (*Beijing*), Oxford University,  
 Paris 6+7, Princeton University, University Texas (*Austin*),  
 EPF Lausanne, ETH Zürich, Ohio State University, Bucharest University

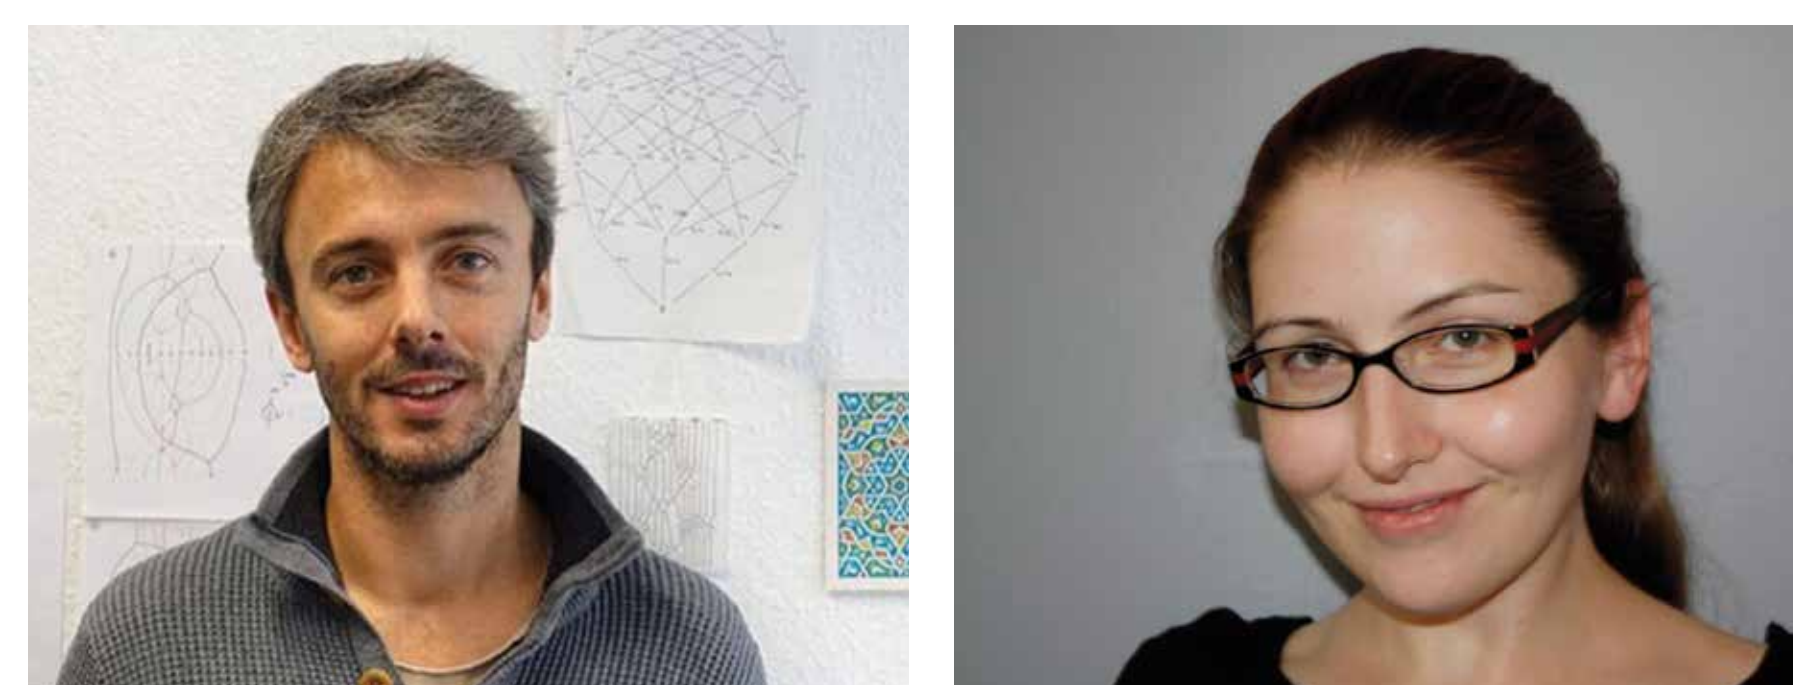

Former BJF now on permanent professorships at universities e.g. in  
 Aachen, Bielefeld, Bonn, Jena, Kiel, Leipzig, Wuppertal  
 Boston (*USA*), Duke University (*USA*), IIT Kanpur (*India*), Paris (*France*)

## New cooperation HCM-MPI

Joint hiring of W2 professorships at the MPIM and BJF with an official cooperation contract, increased visibility of the MPIM Junior positions worldwide, offers fantastic scientific program and environment at the university and HCM.

## NEW: Bonn Research Fellows

A long-term relationship with selected former BJF in form of a visiting professorship

no German language skills required, no administration duties,  
 deadlines adapted to the international market, fast and efficient decisions
