

December 2-4, 2016

Young Women in Harmonic Analysis and PDE

Venue: Mathematikzentrum, University of Bonn

This workshop provides a platform for young female researchers in Harmonic Analysis and PDE to present their work. The plenary lectures will be given by

Stefanie Petermichl

Université Paul Sabatier, Toulouse

Gigliola Staffilani

Massachusetts Institute of Technology

Graduate students and postdocs are invited to hand in abstracts for contributed talks and posters by July 31, 2016.

Limited financial support is available.
