

# June 23-25, 2016

## Young Women in Representation Theory

**Organizers:** Catharina Stroppel, Joanna Meinel, Charlotte Ricke

**Venue:** Mathematical Institute, University of Bonn

This workshop provides a platform for young female researchers in representation theory to present their results. Two main lecture series will be given by

**Vanessa Miemietz**  
University of East Anglia

**Idun Reiten**  
Norwegian University of Science and Technology

We invite advanced master students, PhD students and postdocs to hand in abstracts for contributed talks and posters by April 30, 2016.

**Limited financial support is available.**
